

StudentsDrug and Alcohol Testing1. Need for Random Testing.

The Board of Education is responsible for maintaining discipline, health and safety. The Board recognizes that student substance abuse presents a continuing challenge and a danger to the student population as a whole. The Board is committed to maintaining competitive extracurricular activity programs in a safe, healthy and secure environment. The Board is further committed to being proactive in ensuring that students who participate in extracurricular activities represent the District in a positive manner.

2. Eligibility for Random Testing.

Students who participate in competitive extracurricular activities at the high school (Grades 9-12) level are eligible for random testing. Competitive extracurricular activities are activities which are sponsored or approved by the Board, but are not offered for credit towards graduation, and which involve competition, comparison, or judging of the individuals or groups with other individuals or groups as part of selection or participation. Competitive extracurricular activities include, but are not limited to, athletic programs, cheerleading, dance team, band, Student Council, National Honor Society, academic teams, One-Act choir, Quiz Bowl, FBLA, and Speech Team.

To participate in a competitive extracurricular activity, students must submit a completed Consent to Test Form on or before the first practice or on or before the first event or meeting, whichever is applicable. The form must be signed by the student and the student's parent or guardian.

Failure to submit a completed Consent to Test Form will result in ineligibility for participation in competitive extracurricular activities until the form is submitted.

Students remain eligible for testing from the date the Consent to Test Form is turned in until a Drop Form is completed, or until the student graduates or is otherwise no longer enrolled in the District. A student for whom a Drop Form has been submitted shall be ineligible for participation in competitive extracurricular activities for twelve months from the date the Drop Form is submitted. Students have a fifteen (15) day grace period for reconsideration of a Drop Form.

Students who are not participants in a competitive extracurricular activity may volunteer for participation in the testing program by submitting a completed Consent to Test Form.

Testing Procedure.

a. Random Testing.

A confidential testing schedule will be created by the Superintendent or designee to ensure that the testing of eligible students is conducted in a manner that is random. To maintain confidentiality and to maintain the integrity of the randomness of this program, the students eligible for testing will be identified by a unique personal identifier that does not make the student known to persons other than the school officials who are directly involved in the testing program.

No less than twenty percent (20%) of the pool of eligible students will be tested each school year. The Superintendent shall have the authority to determine the percentage to test, subject to the minimum 20% level, dependent on the nature and extent of the prevailing problem with drug usage in the school community from time to time. Testing will take place throughout the school year.

b. Collection.

The testing collection process will be conducted in a manner that protects student privacy, will also guard against tampered specimens and ensuring an accurate chain of custody of the specimen. To the extent the testing involves the collection of urine, an adult monitor is to wait outside a closed restroom stall and listen for the normal sounds of urination.

The specific testing procedures and mechanism are to be created by the Superintendent or designee. It is intended that the procedures be modeled on those applicable to the testing of CDL employees, which include the testing of specimens for alcohol and unlawful substances. The tests are to be designed to detect only the use of illegal drugs, including but not limited to amphetamines, marijuana, cocaine, steroids, opiates, and barbituates, not medical conditions or the presence of authorized prescription medications.

3. Confidentiality.

All activities related to the testing policy will be carried out in accordance with the requirements of the Family Educational Rights and Privacy Act (FERPA), the Protection of Pupil Rights Amendment (PPRA), and any other applicable confidentiality laws.

Test results will be shared only with staff who have a legitimate educational interest in having access to the information, on a “need to know” basis. Test results will not be turned over to any law enforcement authority in the absence of a court order, subpoena, or other legal process requiring such.

Test results will be kept in confidential files separate from the students' other records. The test results will be destroyed when no longer needed for individual student situations or for the overall testing program.

4. Consequences for Positive Tests.

Any of the following shall be considered to be a positive test result:

- A confirmed positive alcohol or drug test;
- Refusal to participate in testing when selected, including the submission of a Drop Form upon being requested to be tested; and/or
- Tampering with the specimen collection process.

The following shall result from a positive test result:

- The student's parents or guardians will be contacted and a meeting will be held to discuss the positive test result, with the object of collaborating on a plan to assist the student in avoiding future substance abuse.
- The student's privilege of participating in extracurricular activities will be restricted as follows:
 1. First Violation: 45 days.
 2. Second or Any Subsequent Offense: One (1) calendar year.
 3. Reduction for Self-Reporting: If the student has self-reported, the first violation shall be reduced to 21 days for the first violation. A commensurate reduction (approximately one-half, as determined by the administration) for a second or subsequent violation shall be given for self-reporting.
 4. Reduction for Participation in Chemical Dependency Program: If the student and parents agree to participate in a school-approved program for chemical dependency, and submits to a second drug test within two (2) weeks, the consequence will be reduced to only the next activity in which the student was to participate (including at least one contest) in the case of a first violation, and to a commensurate reduction (approximately 80%, as determined by the administration, for a second or subsequent violation and must submit to five (5) follow up drug tests during the next twelve month period.)

The program must be administered by a certified alcohol and drug abuse counselor and be approved by the school authorities. The student will need to successfully complete the approved chemical dependency program. Proof of successful completion of the program must be submitted in writing to the Activities Director. Failure to participate and successfully complete the approved chemical dependency program may cause the participating student to be

suspended from extracurricular activities for one (1) calendar year. All costs associated with the program are to be borne by the student/parent or guardian

5. **More Serious Violations:** In the event of more serious drug or alcohol violations, such as students engaging in use of especially serious drug offenses (cocaine, meth, etc.) or procuring alcohol for minors, the consequence of the violation is not restricted by the foregoing, and may be established in the good discretion of the administration.

The parents or guardians are responsible for the costs of the rehabilitation program, which includes the substance abuse counseling and follow-up testing described above.

Positive results will not lead to the imposition of any academic consequence or disciplinary action, other than the above described limitations on the privilege to participate in extracurricular activities.

5. Appeal Procedures.

A student or the student's parents or guardians may request a retest of his/her specimen at their own expense at a laboratory approved by the Superintendent or designee and which follows federal Substance Abuse and Mental Health Services Administration (SAMHSA) standards concerning drug testing protocols and procedures. Requests must be made within twenty-four (24) hours of receiving the results of their drug test. The specimen previously submitted will be forwarded to the approved lab in cooperation with the District approved outside agency responsible for confirmatory testing.

Results of the re-test will be provided to the Superintendent or designee by the approved laboratory. During the appeal period the student may not participate in competitive extracurricular activities.

In the event a student or the student's parents or guardians wish to challenge a positive test result on a basis other than the veracity of the test result, an appeal may be made in accordance with the policy on extracurricular activity discipline.

Date of Adoption: October 12, 2015

Consent to Test Form

I understand fully that my performance as a student and the reputation of my school are dependent, in part, on my conduct as an individual. I hereby agree to accept and abide by the standards, rules and regulations set forth by the Board of Education of Kenesaw Public Schools, the administration, and the coaches and sponsors for the activities in which I participate.

I consent to and authorize Kenesaw Public Schools to conduct a drug and alcohol test if my number is drawn from the random pool. I also authorize the release of information concerning the results of such tests to designated District personnel.

I understand that this form remains in effect until the submission of an Activity Drop Form or graduation and/or withdrawal from the District.

_____	_____
Student Name (print)	Parent or Guardian Name (print)
_____	_____
Student Signature	Parent or Guardian Signature
_____	_____
Date	Date

I plan to participate in one or more of the following competitive extracurricular activit(ies):

_____ I am volunteering to be placed in the testing pool.

Activity Drop Form

I, _____ wish to withdraw from

I will submit this form to the Athletic Director. My name will be withdrawn from the testing pool on the date this is received by the Athletic Director.

Completing this form will pertain to all competitive extracurricular activities. I understand, by withdrawing, I can no longer participate in any competitive extracurricular activities, and I may not receive recognition as a member of these activities or athletic programs. I may re-enter the testing pool after a period of one (1) calendar year by filling out a new Consent to Test form.

I UNDERSTAND THAT I HAVE 15 DAYS TO RECONSIDER THE DECISION AND RE-ENTER THE POOL.
