Kenesaw School Community,

Our district takes pride in supporting the needs of the whole child, to ensure that all children are safe, supported, engaged, and challenged each day as they walk into our building.

Research indicates that initiatives focused on improving aspects of students' well-being in schools—such as addressing childhood obesity, preventing bullying, supporting students mental health, and restricting schools' use of exclusionary discipline—have been found to be successful in improving student success, and academic excellence. We have assessed our wellness policy as part of the USDA requirements. Below are the results of our assessment.

WellSAT scorecard:

The wellness committee is scheduled to meet quarterly to address any needs and track progress in reaching goals and address changes that need to be made in order to meet the current policy.

The WellSAT scorecard results are posted on the website, along with the districts wellness policy.

If you have any questions, please contact the office at jdassing@kenesawschools.org

Respectfully,

School Wellness Committee
