

Dear Kenesaw Parents and Community Members:

Please join us on **Wednesday, February 27, 2019 at Kenesaw Public Schools from 7PM to 8:30PM** for the opportunity to provide parent and community member input into current and future initiatives as our school district looks for innovative and effective ways to meet the growing challenges facing public education in the 21st century.

While this meeting is an opportunity to discuss specific questions, it also reflects our ongoing commitment to ensuring that our district programs reflect the values and wisdom of our local community. As we look to prepare our students for college and career, we want to be sure we understand our community's perspectives on questions like these:

- a. What skills and abilities do graduates from Kenesaw Public Schools need to be successful?*
- b. Does the school district keep parents, students, and community members adequately informed about events and issues affecting the district? What could the district do to improve communication?*
- c. What challenges will Kenesaw district face in the next three to five years?*

The input we receive from the community will influence the future, developing, and existing initiatives and innovations. We believe that when parents and community members are given the ability to help make choices, the directions chosen are often better and more sustainable. We would very much appreciate your input, and hope you are able to attend.

Please let us know by February 25<sup>th</sup> whether you will be able to attend. Call 402-752-3215, text 402-462-0802 or email [colsen@kenesawschools.org](mailto:colsen@kenesawschools.org) with your response or any questions.

Thank you in advance for your participation.

Mr. Rick Masters, Superintendent of Kenesaw Public Schools

Cindy Olsen, President, Kenesaw Board of Education
