

Student of the Month

November 2019

Senior Stefanie Anderson demonstrates many admirable traits that would make her an excellent choice for KPS Student of the Month. Stef is on several committees at school and is the leader of most of those committees. Stef has shown leadership qualities not only on the volleyball court and cheerleading squad but in the classroom, and has been involved in FFA and FBLA.

As a captain on the volleyball team, Stef helped lead her team to sub-state. As a senior leader her teammates, coaches, and fans looked to her to score points and make plays on the volleyball court. With this pressure and expectation, she didn't waver or flinch; she consistently performed and excelled on the volleyball court.

FFA is in its first year at Kenesaw, and Stef currently serves as the Chapter President. She also competes in several FFA competitions and has earned her Chapter Degree. Stef is the Vice-President of FBLA. She is always willing to volunteer a lending hand for philanthropic events hosted by the Kenesaw FBLA throughout the year.

There are many things that Stef does for the school that go unnoticed; she is the type of student that if she sees that something needs to be done, she will step up and do it, no questions asked. It is not about being recognized but just knowing that she is helping the school and community is what drives Stef to do these things.
